At this point in my story, Halsey always says: "Trust a woman to add 'two and two together, and make six." To which I retort that if two and two plus X makes six, then to discover the unknown quantity is the simplest thing in the world. That a houseful of detectives missed it entirely was because they were busy trying to prove that two and two make four.

J. Binford stated recently that it was expected to manufacture the first sack of commercial cement on that day and that the big plant near the smelter would continue to run night and day from that time on. The big grinding mills are now running out the materials that will make up the cement to be roasted on the first of February.

Orders are now being taken for the "made in El Paso" brand of cement. S. C. McCurdy, sales manager for the new plant, is organizing a corps of traveling salesmen who will cover the entire southwest in introducing and selling the product of the El Paso plant. Samuel Lewis, of El Paso; W. L. Woods, of Boston, and R. E. Hines, of Pueblo, have been employed as the traveling representatives of the cement company and they will boost the El Paso made goods in this section,

AT THE MAJESTIC. "In Menudaland" Is the title of Fritz Fields's musical and nensensical skit at the Majestic, beginning last night, and t is the cleverest thing the Majestic has produced in a long time. Every line of it is clean, which is a relief from the vulgar stuff that two alleged Dutch comedians tried to palm off for comedy for a while at the same playhouse. The Fields comedy is a burlesque on the war in Nicaragua and the hero (the author and producer) is a correspendent of the El Paso Herald, who goes after news and pictures and falls in love with an helress, thwarts zelaya. starts a revolution on his own hook and causes a general topsy-turviness that must be surprising even in a Central American republic. The production is full of laughable lines and good musical numbers, with an electrical number that is well worth seeing. Nat Wentworth as Gen. Zelaya does some good work and sings well. Tom Burns and Walter Wilson are also good in their parts and Wilson's dancing is a It is the best male cast the Majestic has ever had. The chorus is well costumed and drilled and also well up in its work. Mildred Manning and Lottie O'Malley are only fair in their roles, the latter somewhat ama-

THE BAILEY STOCK CO.

Edwin Bailey and Grace Lockwood, the two clever leading people formerly of the North Bros', stock company, will open with their own company Monday, January 24, in Madam Janauschek's great play, "A Soldier of France," Mr. Bailey has retained several of the old favorites of the present company, and has made up the balance of his company from players from the leading stock companies in the country, and El Paso-ans are promised one of the best stock companies ever seen here. Seats are now on sale for the opening night

"45 MINUTES FROM BROADWAY" People all praise "45 Minutes From Broadway." It is faith entirely justified by the record of the play wherever has been presented throughout this country in the three years of its existence. Everywhere return dates have been asked for and the business done on those return visits has exceeded that done on the occasion of its first appear-It has a good logical story, funny lines galore, good music, a number of unusually pretty girls to sing and dance in the many chorus and ensemble numbers, arranged by George M. Cohan and it has won out on its merits. It will he seen at the El Paso theater Satur-day and Sunday, January 22 and 23. Seats are now on sale at the Crawford.

"THE LION AND THE MOUSE." Love, the most potent or weapons, overcomes the power and influence of the richest man in the world. This is the basic theme of Charles Klein's remarkable drama, "The Lion and the Mouse which Henry B. Harris will present at the El Paso on Wednesday and Thurs-day, January 26 and 27. Incidentally, it was this play which furnished the enemies of corrupt corporation influfight on malignant influence of monied interests. There will be a special matinee Thursday, January 27. Seats go on sale Monday morning at the Crawford.

GRAND OPERA. Free grand opera proved a pleasing innovation in El Paso Thursday even-ing. El Pase is one of the first, if not the first city in the southwest to have an opportunity of hearing "Il Trovatore" in its entirey, as sung by

the finest soloists in the world. The opera was given in the W. G. Walz company's music rooms to an audience which filled the rooms before 8 oclock. Preceding the grand opera a program of poputar and classical numbers were played on the Victrola, which played the records of the entire opera "H Trovatore." After the final act selections by Tetazzini, Schuman-Heink, Caruso and others was played on the Victrola.

The different numbers of this grand Italian opera were encored. These free concerts will be given at the W. G. company's music rooms Thursday evening.

Do You Open Your Mouth

Like a young bird and gulp down whatever food or medicine may be offered you? Or, do you want to know something of the com-position and character of that which you take into your stomach whether as food or medicine?

Most intelligent and sensible people now-a-days insist on knowing what they employ whether as food or as medicine.

Dr. Pierce believes they have a perfect right to INSIST upon such knowledge. So he publishes, broadcast and on each bottle-wrapper, what his medicines are made of and verifies it under oath. This he feels he can well afford to do because the more the ingredients of which his medicines are made are studied and understood the more will their superior curative virtues be appreciated.

For the cure of woman's peculiar weaknesses and derangements, giving rise to frequent headache, backache, dragging-down pain or distress and kindred symptoms of weakness, Dr. Pierce's Favorite Prescription is a most efficient remedy. It is equally effective in giving strength to nursing mothers and in preparing the system of the expectant mother for baby's coming, thus rendering childbirth safe and comparatively painless. The "Favorite Prescription" is a most potent, strengthening tonic to the general system and to the organs distinctly feminine in particular. It is also a soothing and invigorating nervine and cures nervous exhaustion, nervous prostation, neuralgia, hysteria, spasms, chorea or St. Vitus's dance, and other distressing nervous symptoms attendant upon functional and organic diseases of the distinctly feminine organs.

A host of medical authorities of all the several schools of practice, recommend each of the several ingredients of which "Favorite Prescription" is made for the cure of the diseases for which it is claimed to be a cure. You may read what they say for yourself by sending a postal card request for a free booklet of extracts from the leading authorities, to Dr. R. V. Pierce, Invalids' Hotel and Surgical Institute, Buffalo, N. Y., and it will

come to you by return post.

It's foolish and often dangerous to experiment with new or but slightly tested medicines-sometimes urged upon the afflicted as "just as good" or better than "Favorite Prescription." The dishonest dealer sometimes insists that he knows what the proffered substitute is made of, but you don't and it is decidedly for your interest that you should know what you are taking into your stomach and system expecting it to act as a curative. To him its only a difference of profit. Therefore, insist on having Dr. Pierce's Favorite Prescription.

Send 31 one-cent stamps to pay cost of mailing only on a free copy of Dr. Pierce's Common Sense Medical Adviser, 1008 pages cloth-bound. Address Dr. Pierce as above
